KATASANI VENKATA PANDU RANGA REDDY

228r1a6789@gmail.com | (+91)9573860088 | LinkedIn

OBJECTIVE:

Passionate and proactive Computer Science Engineering student specializing in Data Science, with strong skills in software development, artificial intelligence, and problem-solving. Eager to contribute to innovative projects, apply technical expertise, and continuously expand knowledge in emerging technologies.

EDUCATION:

CMR Engineering College: Computer Science Engineering – Data Science | CGPA: 9.4 (2025)

Narayana Junior College: XII (TSBIE) | 97.1% | 2022

Sri Sai Saraswathi Vidyaniketan School: X (TSBSE) | CGPA: 10 | 2020

SKILLS:

Programming Languages: Python, C++, JavaScript

Web Technologies: HTML, CSS, Django (Basic), Flask

Databases & Tools: SQLite, MySQL

Computer Science Fundamentals: Data Structures & Algorithms, OOPS, DBMS, OS

AI Tools: LangChain (Basic), Prompt Engineering

Soft Skills: Adaptability, Teamwork, Communication, Leadership

PROJECTS:

- **Walmart Sales Data Analysis | MySQL** **GitHub**
  Analyzed Walmart sales data from Kaggle to identify high-performing branches/products, examine sales patterns, and understand customer behavior. Conducted EDA on 17 features across 1,000 records from three branches, generating actionable insights to optimize sales strategies.
- **LangChain Chatbot App | Python, Streamlit, LangChain, Ollama (Gemma 2B)** **GitHub**
  Built a conversational AI web application using the LangChain framework and Gemma 2B model via Ollama. Designed dynamic prompt templates and integrated LangSmith tracking for LLM monitoring.
- **LCEL Language Translator App | Python, Streamlit, LangChain (LCEL), Groq (Gemma2-9b-It)** **GitHub**
  Built a real-time multilingual translation web application using LCEL for a modular prompt → model → parser pipeline. Integrated Groq's Gemma2-9b-It model for fast, context-aware translations while preserving punctuation and tone, and designed an interactive Streamlit UI for language selection and text input. Secured API keys with .env files and applied prompt engineering for accuracy across varied input styles.

ACHIVEMENTS:

- Secured **3rd Position** for Outstanding Academic Performance in 2022-23
- Organized college tech fest attended by **300+ students**, managing logistics and coordination
- Earned a Gold Badge in Problem Solving on Hacker Rank.
- Completed a DSA course from Smart Interviews and earned the Diamond Badge, ranking in the top 50 out of **400+ participants** in the final contest, demonstrating strong algorithmic and problem-solving skills.

CERTIFICATIONS:

- **AI For India 2.0 (2023):** Participated in a national AI initiative impacting **1M+** learners across India
- **IBM Skills Build**: Completed a CSRBOX Micro-Internship on Data Science, focusing on practical data science skills and applications.
